NOTES:

CHALLENGE

Driving is one of the most dangerous tasks for firefighters. Despite our intensive efforts to increase our safety awareness, there are firefighters who do not wear seat belts. In too many tragedies, we find that wearing the seat belt could have saved a life. Let's join and take the pledge!

DISCUSSION

- Do you buckle up prior to leaving the station every time, if not, why not?
- Do you feel comfortable asking a team mate to buckle up?
- How doest the department handle seat belt violations?
- Have you signed the pledge, if not, why not?

The greatest asset of the fire service is our people; protect them!
